Our daily actions for a more sustainable territory

Dear fellow citizens living in the **municipalities included in the "Convenzione Rifiuti"**,

the collection calendar is now a traditional and unmissable event, so this year we are pleased to offer it again. First of all, we would like to thank you, dear fellow citizens, because, even in these years of **enormous struggles** caused by the pandemic, you contributed to the results of our territory in terms of separate waste collection and per capita waste production, which have once again been **outstanding**: our municipalities are among the best not only in the province, but also in the region and, why not, let's not forget, at **national** level.

So, these were really important results achieved thanks to your **constant cooperation** and the effort to offer an increasingly accurate and sustainable service.

In 2022, eight years before the expiry of the goals set by the United Nations in the **famous "Agenda 2030"**, with a view to handing over to ourselves a planet and an environment in which we can live in the best possible way, in these pages we would like to talk about **sustainability** itself, as well as reminding you of collection days and services.

Our **daily behaviour**, our attitude towards the actions we take every day and the **consequences** they may have on the environment, not only in terms of waste management, are issues to be taken in due consideration. For all these reasons, we have felt free to offer a few ideas in the hope that they will be pleasantly and constructively received.

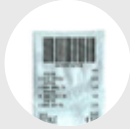

Thanking you again, we wish you all a **peaceful 2022**.

THE MAYORS OF THE MUNICIPALITIES OF THE "CONVENZIONE RIFIUTI DI SESTO CALENDE"

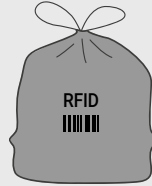

Non recyclable

What

How

Only put out waste in the **dedicated bags provided**.

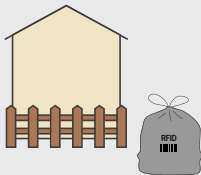

If you are running out of bags for the non-recyclable dry waste **WITH RFID** you can **contact your municipality offices** for a new supply.

**DISPOSABLE MASKS
AND GLOVES SHOULD BE
DISPOSED OF IN NON-
RECYCLABLE DRY WASTE,
SEALED IN A BAG!**

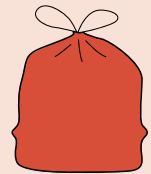

Non-recyclable waste: management rules

1. Put out **only bags with RFID distributed by the municipality**; other types of bin bags will not be collected.
2. Put out the bag **only when it is full** and devoid of any recyclable waste. The bag must **under no circumstances exceed 7-8 kg in weight**.
3. Sort your waste as much as possible in order to minimise the unsorted non-recyclable dry part.

Nappy and diaper collection

(Service available upon booking)

How

- Users who need this service can request it at the Municipality for the collection of **children's diapers and adults' nappies** (excluding female sanitary towels and pet potty mats); nappies and diapers are collected in red-coloured bin bags provided by the Municipality. **The service is offered weekly on the collection day of non-recyclable goods.**
- **CAUTION!** Put out bags **weighing no more than 7-8 kg**.

Objective 1 - Zero Poverty

Each Italian citizen produces about 500 kg of waste every year. Reusing, repairing or donating to those most in need is a great gesture for making our future more sustainable.

Objective 7 - Clean energy for everybody

7 AFFORDABLE AND
CLEAN ENERGY

Energy consumption accounts for about 60% of global emissions. Don't leave your computers and TVs on standby, optimise the use of your electronic equipment and, once no longer usable, take them to a collection centre or dispose of them in accordance with the current legislation.

Objective 14 - Underwater life

14 LIFE BELOW WATER

30% OF THE PLASTIC PRODUCED is not reused and 95% of packaging is dispersed into the environment after its first use, often ending up in the sea. FOR YOUR PURCHASES, choose durable, reusable and recyclable products and avoid 'disposable' items. To protect the seas, do not dispose of edible oils down drains, but bring them to your nearest collection centre.

Objective 15 - Life on earth

22% of known animal species are threatened with extinction. Take action on biodiversity, grow local plants in your garden, especially if they appeal to pollinating insects, promote the habitat of local animal species and do not dispose of your waste in forests or water courses.

December 2022

Put your waste out the night before collection day starting from 8 pm

Please book "bulky waste-furniture/ LARGE W.E.E.E." collection phoning to the municipal office

FURNITURE HOUSEHOLD APPLIANCES

Day:

Wednesday

How:

on the roadside the night before the pick-up, upon request at the "technical office" of the city hall, when open. Please exactly explain what you need to throw. It is not possible to collect waste inside courtyards or boxes.

What:

furniture and large object (cupboards, mattresses, etc.).

Household appliances in general (washing machines, dishwashers, etc.), fridges and freezers, television sets, pc, lamps. Please, **only for bulky waste and not for electric or electronic waste (WEEE)**: put them on the roadside dismounted or broken in as much pieces as you can.

**WARNING! THE COLLECTION OF BULKY ITEMS AT HOME WILL BE MADE ONLY FOR LARGE
OBJECTS THAT CANNOT BE TRANSPORTED BY CAR**

Collection Center

The "collection center" is a specific place where you can bring almost every type of waste, especially those types (f.e. hazardous waste, large furniture, electric waste...) that can not be separated in normal home collection. For more information about the "collection center" in your town please visit the english version of:
